Very good morning to the respected dear, students  
welfare, all the faculty members, our beautiful  
Serion and all my classmates present here.

I welcome you all for this official farewell meeting  
for our beloved Serion. I would like to  
present a speech on behalf of all the students  
of my class.

I would like to start by thanking our Serion  
for being a responsible ~~student~~ <sup>candidate</sup> of our school,  
a great ~~senior~~ and help senior and an obedient  
student of our teachers. They have made  
our school a beautiful place to study and  
to develop our skills and show our talents.

I thank them for winning many prizes for  
our school and making our school proud  
on each occasion. They have helped us  
in learning life skills and inculcated  
good traits in us as a human being.

We all wish you all a great luck  
and a beautiful college life ahead.

I hope you all succeed in life in  
whatever fields you choose. The School will  
miss you all. Thank you for everything

Goodbye.

Johari Window invented by Joseph and Mary helps us to understand self awareness and about others thinks about us.

There are things which we know and we do not know about others and there are things that they know but we do not know.

It consists of 4 panel window

- Open area represents the things which we know about our self and others also know.
- Blind Spot are the things which people knows but we don't know.

- Hidden area is the area where people don't know about our stuff but we know.
- Unknown area is the area where both of us don't know about the things.

This window helps us to think about the each part of window and what are the things we can keep inside it. Hence it ~~helps~~ helps us in self awareness.
